GETAWAY GEAR

FIND YOUR WAY

These days, in-car digital map systems are as common as dog-eared street directories in the glovebox - and there are just as many to choose from. The Hema Navigator HN5i has a few special add-ons that could make it a top choice for many travellers. The unit's updated iGo Primo software system was selected by Hema based on its user-friendliness and customisation ability - handy for tourers who spend months at a time on the road.

The *Camps Australia Wide 6* campsite guide comes pre-loaded, as do all of the usual features, such as Hema's *4WD Tracks*. It's so loaded, you can plan your route and the Navigator will tell you how much fuel you'll need to get there, and even where to get it.

Hema is also offering buyers free downloadable street updates for the next two years. **cw**
